

HOW TO DRAW GEMSTONES

Learn how to draw beautiful, sparkly gemstones with these step-by-step drawing instructions!

1. Draw a geometric shape. Any kind of shape with straight lines will do!
2. Draw a bigger geometric shape around the first one. It can be a different number of sides!
3. Draw connecting lines between the two shapes.
4. Add some shading in some of the sections you've created and put a couple of diagonal lines in the center for shine.

5. That's it!
